KING IS COURAGEOUS

Alfonso Will Visit Barcelona In Spite of Anarchists.

PRECAUTIONS BEING TAKEN

With a Display of the Old Bourbon Courage, Spanish Ruler Is Not To Be Dissuaded from Making Visit to Alleged Hotbed of Anarchy.

Barcelona, March 10.—General Linares, the captain general of Catalonia, is confident that the visit of King Alfonso to Barcelona will pass off safely.

General Linares declares that the population of this city is anxious to show its loyalty to the king, whose courage in coming after the repeated bomb outrages here is greatly admired. Nevertheless, the captain general is sparing no precautions to safeguard his majesty. The official program of the visit has not been allowed to be printed and the houses along the streets through which the king is to pass have been thoroughly searched.

But, in view of the fact that for twenty years past, Barcelona has been a stronghold of republicans and the center of violent Carlist agitation, an enthusiastic popular reception is not expected.

The peril to the king does not come from the republicans, but from the anarchist wing of the Carlists, which is conducting a campaign of bomb operations as reprisals for the alleged ill-treatment of their comrades who are confined in the Mont Juich prison.

Described as a "Wasp's Nest."

Madrid, March 10.—It developed here Monday that a section of the Spanish ministry is bitterly opposed to King Alfonso's going to Barcelona, which is described as a "wasp's nest." But the king, with a display of the old Bourbon courage, has refused to be dissuaded. He considers it his duty to go, and is confident that his visit to Barcelona will appeal to the chivalrous spirit of the Spanish and have a good effect. A dispatch has been received here from the Spanish minister to Switzerland saying that the anarchists of Geneva have decreed the death of King Alfonso and Premier Maura.

MESSAGE FROM FLEET.

Wireless Communication for a Distance of 2,000 Miles.

San Francisco, Cal., March 10.—The battleship fleet came into direct communication with Mare Island Sunday, the message being the first this coast has received from the warships. Communication was had by wireless for a distance of 2,600 miles, the message being from the battleship Maine of Evans' fleet.

Sunday morning the operator at the wireless station at Mare Island in responding to the call of his instruments was surprised to know that he was in direct communication with the Maine. Although 2,600 miles away, the message was clear.

Mare Island acknowledged the receipt, but further communication was cut off on account of other stations interrupting.

The first words from the fleet announced the death of Private Samuel Wagoner, marine corps, a native of Alabama, who died on Feb. 29 of pneumonia. He was buried at sea.

The wireless communication with the Maine followed closely the receipt of the relay message from the Connecticut picked up by the St. Louis.

Suicide in Prison Cell.

Chicago, March 10.—Abraham F. Peder, forty-nine years old, a wigmaker, who was arrested on suspicion of having conspired to set fire to his home, committed suicide in a cell at the Rawson street police station Monday morning.

New Torpedo Tube for Chile. Valparaiso, March 10.—A Chilean naval officer has invented a torpedo tube which, after official trials with excellent results, the admiralty has ordered adopted aboard all torpedo vessels.

\$600,000 FOR GEORGIA.

Government May Pay For Use of the State Road After Civil War.

Washington, March 10.—Colonel Livingston has secured the inclusion of the Western and Atlantic railroad claims in the omnibus claims bill.

This is the claim of the state of Georgia against the government for the use of the state road during and after the civil war. Restitution in the sum of \$600,000 is asked. The claim will be referred to the court of claims for adjudication. When that tribunal passes upon the case the amount will unquestionably be awarded to Georgia.

By this item included in the omnibus bill, Colonel Livingston has assured its passage where a separate claim bill would probably not have stood the ghost of a show. Members of the appropriation committee are pledged to each other to support the omnibus measure with their united influence. The bill will thus have to be accepted as a whole or rejected as a whole when presented to the house.

PRISON A BIG OPIUM DEN.

Nebraska Penitentiary Not Strictly a Reformatory.

Lincoln, Neb., March 10.—The Nebraska penitentiary is not a reformatory but huge opium den, according to Dr. R. E. Griffin, prison surgeon, in a report to Governor Sheldon made public Monday.

Dr. Griffin, who was formerly connected with Blackwell's prison and Bellevue hospital, New York, reports that of the 442 prisoners confined in the institution, there are between 100 and 150 addicted to the morphine habit and that morphine is being regularly supplied to the prisoners by outside persons.

He favors the establishment of strict quarantine of the prison as the only method of stamping out the evil.

WENT TO DEATH SMILING.

Remarkable Composure of Italian Electrocuted at Sing Sing, N. Y.

Ossining, N. Y., March 10.—Antonio Strollo, an Italian, who killed Antonio Tosella in Cortland Park, New York, last August, went to his death in the electric chair at Sing Sing prison on Monday with a smile after a cheery good bye to those who had been summoned to witness the execution.

Strollo showed the most extraordinary composure. When he entered the death chamber with a light, springy step, his face was beaming and the smile was never absent for an instant until his features were covered by the death helmet.

Four currents were made before the man was pronounced dead.

Wants to Join Prohi Column.

Chattanooga, Tenn., March 10.—The movement for state wide prohibition was inaugurated in this city on Sunday when every pulpit in the city was filled by an evangelist for the cause of temperance brought here by the anti-saloon league. The field day closed with a great demonstration in the auditorium, where George R. Stuart, formerly co-worker with Sam Jones, preached to an audience of at least 7,000 persons. The vast audience went wild with enthusiasm and a sum estimated at \$75,000 was subscribed to push the work of the temperance league.

Important Ruling Made.

Birmingham, March 10.—Judge O. R. Hundley in the federal court has ruled that a corporation may conceal or dispose of its bankrupt stock without any fear of being punished. The case was that against M. Lefovits and others of Bessemer. It was held that there is no real penal provision included in the bankrupt laws for the offense on the part of a corporation that the corporation cannot be imprisoned and that the law does not provide for a fine.

Louisville Man Missing.

Anniston, Ala., March 10.—R. L. Patrick, of Louisville, Ky., disappeared from a hotel here Thursday morning and has not been heard from since. He left the hotel to go fishing and the theory is that he has been drowned. Patrick came here a week ago to open a store and had secured a five-year lease on a building.

TRIAL OF ALIA BEGINS

Sicilian Who Murdered Father Heinrichs at Denver.

DEFENSE WILL BE INSANITY

Fearing Mob Violence Extra Precautions Were Taken by the Police to Protect the Prisoner—Brain Specialists to Testify in the Case.

Denver, Colo., March 10.—Anticipating the presence of a large crowd at the opening of the trial Monday of Giuseppe Alia, the Sicilian, who, in cold blood, murdered Father Leo Heinrichs of St. Elizabeth's church, while he was giving the sacraments on Sunday, Feb. 23, Sheriff Alexander Nesbit had stationed deputies along the walks and in the entrance ways leading from the jail to the courtroom and also in the court room itself.

This precaution was taken to frustrate any attempt at mob violence, although the officers of the law did not really look for any outbreak of this kind.

Alia's case was the first on the criminal docket, and Judge Greely M. Whiteford, who is taking his turn on the criminal bench, has ordered present an open panel of one hundred veniremen.

Insanity May Be Plea.

It was expected that the defense of Attorney Albert H. Widdecombe, representing Alia by appointment of the court, would advance the theory of insanity in the hope of saving the life of his client, and to be prepared for combatting this defense, the prosecution had summoned eight of the most skillful brain specialists in the city to be present for the purpose of observing the defendant and thus be in ready to give expert opinion as to his sanity.

The defense has arranged also for three alienists to serve their side.

Attorney Widdecombe indicated that he would make the question of a prospective jurymen's allegiance to the Roman Catholic faith the cause for challenging him as to his qualification to serve.

Under Close Guard.

When Alia was taken from the jail to the court house, he was under guard of Sheriff Nesbit and four deputies, each armed with a brace of revolvers. His men had explicit instructions to keep the jail ground cleared and to arrest any one who showed any evidence of intention to attack the prisoner or any one that might be trying to stir up the crowd to making a demonstration.

Spectators in the court room were ordered closely scrutinized, and all suspicious characters were excluded from the building.

The trial was called promptly at 10 o'clock.

Exploding Boiler Injures Several.

Jennings, La., March 10.—A steam boiler operating the pump in one of the oil wells of the Iberian company exploded Sunday morning. A. Bonner, a teamster, had his cheek bone driven to the back of his head by a flying piece of the boiler and was carried to New Orleans for treatment. Several others were seriously hurt.

Many Firemen Injured.

Chicago, March 10.—A score of firemen were injured, three perhaps fatally, by fire early Monday which destroyed Apollo hall, a three story structure at 256-262 Blue Island avenue. The cause of the fire is unknown. The total damage is estimated at \$55,000.

Found Dead in Their Room.

Denver, Colo., March 10.—Harry Adler, of Pueblo, and a woman supposed to be his wife, were found dead Saturday in a room in the Waldorf hotel, this city. Both had been shot to death. From appearances, it is believed the woman killed the man and then shot herself.

Segregation Law Upheld.

Nashville, Tenn., March 10.—The supreme court upheld the Nashville segregation law. This law confines the colored of the city to a certain territory.

THREATENED "UNCLE JOE."

Anarchist Said To Have Sent Letter to Speaker Cannon.

Indianapolis, Ind., March 10.—Hiram Maine, aged sixty-four years, has been arrested here on a warrant sworn out by William T. Fletcher, United States postoffice inspector, charged with writing threatening letters to Speaker Joseph G. Cannon, of the house of representatives, and Congressman Jesse Overstreet, of Indiana. These letters have continued at various times for two years. An anonymous threat of assassination, inspired by their attitude on the pure food legislation in the congress of 1906, hung over their heads, and although the entire machinery of the postoffice department and secret service was called into use, not a single clew as to the identity of the author of the letters was found until a few days ago.

Maine is a most prolific letter writer, a pronounced radical, an admitted socialist, and preaches doctrines of an alleged anarchistic nature.

SEIZED BY THE POLICE.

Emma Goldman's Anarchistic Circumstances Confiscated in Chicago.

Chicago, March 10.—The police arrested Emanuel Loebel, aged 35, a garment presser, Sunday, who was discovered distributing some of Emma Goldman's anarchistic circulars at Fourteenth and Halsted streets. These circulars attacked Chief Shippy for killing Averbuch and demanded a right to free speech. The police confiscated several hundred of them. Afterward Loebel's rooms were searched and a quantity of anarchistic literature found.

Assistant Chief Schettler obtained a sample of Averbuch's handwriting. It corresponded in every particular with the writing on the envelope containing the decoy letter that the assassin had taken to Chief Shippy's house, indicating that Averbuch had written it.

LEFT NEPHEW \$10,000,000.

Secretary of Y. M. C. A. at Worcester, Mass., Heir to Fortune.

Worcester, Mass., March 10.—John Dower, secretary of the Young Men's Christian association here, has been notified that he is heir to a fortune of \$10,000,000 left him by an uncle, Tom Wallace, who died in Melbourne, Australia, a short time ago. Mr. Dower says that he will not go to Australia for the money, although he has employed counsel there to look after his interests.

Whether he gets the money or not, he says he will retain the position as secretary of the local branch of the association.

Was Oldest Confederate Veteran.

Augusta, Ga., March 10.—At the age of 105 years, Owen Priester, the oldest confederate veteran in the south, died Saturday night at Balkeatchie, S. C. His death was due to an accident received while he was occupied in raking straw. He fell, breaking his arm, and one side became paralyzed. He leaves a large number of grand and great-grandchildren.

Students Have Narrow Escape.

El Paso, Tex., March 10.—Fire Saturday night destroyed the boys' dormitory and boarding house at the New Mexico school of agriculture at Mesilla Park, and many sleeping students had narrow escapes. Harvey Forsythe, in charge of the dormitory, had a narrow escape in awaking the boys and getting them out of the building as part of the roof fell on him.

Couple Made Suicidal Pact.

Chicago, March 10.—Theodore Englebreck, seventy years of age, and his wife, Anna, seventy-five years of age, were found dead in their room at the home of their daughter Monday. Death had been caused by asphyxia. The police are of the opinion that the couple, discouraged by the loss of their son by fire last Saturday, entered into a suicidal pact.

RAPID RISE OF RIVERS

Flood Conditions in the West Are Very Bad.

HOMES GIRDLED BY WATER

Many Persons Rendered Homeless and Churches Being Used for Shelter. Financial Loss Will Reach Many Thousands of Dollars.

Detroit, Mich., March 10.—Flood conditions were in no sense improved Sunday in the districts around Monroe, Albion and Battle Creek. In Grand Rapids the crest of the flood on the Grand river is not expected until Wednesday.

In Battle Creek Sunday night one thousand homes were surrounded by water and the Union Congregational church was put to use as a shelter for homeless families. The Bathburn & Kraft Planing mill, a brick building, was undermined and fell into the Kalamazoo. Firemen whose engines could get no nearer than a quarter of a mile, fought fire in the flood districts from row boats.

The Grand Trunk railroad has abandoned train service through the city of Battle Creek.

At Albion, the Methodist Episcopal and Presbyterian churches were closed, they being surrounded with water; and five stores collapsed into the Kalamazoo river. All stocks were removed to safety.

The Masonic lodge had rooms over two of the stores and will lose considerably by the disaster.

The total losses at Albion will reach \$100,000.

Detroit, Mich., March 10.—Two lives have thus far been lost in the flooded streams in lower Michigan the past thirty-six hours.

At Monroe, the fifteen-year-old son of Frank Duval was drowned at Union City; Garrett Anderson drove into the St. Joseph river, where a bridge had been carried away by the flood and was drowned.

Several others had narrow escapes.

At Kalamazoo, the lowlands are flooded. At Adrian fires in the waterworks and gas plants have been extinguished by the floods.

In Berrien county four bridges have been washed out on the Pere Marquette railroad in fifteen miles.

WONDERFUL WIRELESS

Message Crossed Over Gulf, Land and Many Miles of Ocean.

Washington, March 10.—About the last place that the navy department expected to hear from the Atlantic fleet for at least six months was on the Atlantic coast, yet this is what has happened.

The navy department Monday received a telegraphic message from its wireless station at Pensacola which had been in direct communication with the battleship fleet, a most remarkable performance, considering that the wireless impulses were obliged to traverse the gulf of Mexico, then cross overland the state of Texas, part of Mexico and again traverse several hundred miles of ocean. This particular message was from Rear Admiral Thomas, in command of the second division, and was as follows:

"Have you any important news from home?"

New Bank for Prattville.

Montgomery, Ala., March 10.—The Prattville National Bank, recently incorporated by the secretary of state, has begun business with a capital of \$40,000. It will issue \$20,000 in currency later on. It is in a handsome new building that cost \$7,500. The officers are Allen Northington, president; C. E. Thomas, vice president, and Edward Northington, cashier.

Deputy Sheriff Assassinated.

Alexandria, La., March 10.—It was learned that Deputy Sheriff G. C. Johnson, of Giovannas, was murdered Sunday night while seated in his bedroom where his wife was ill. He was shot by a person on the outside through an open window and no clue to his murderer has been found.

RIX M. ROBINSON RECEIVES FAT PLUM

Appointed Postmaster of City of Pensacola Tuesday.

THE FLORIDA ORGANIZATION

Shows its Strength by Securing Appointment of Mr. Robinson, in Defiance of Strong Opposition by Opponents of Taft Supporters.

Hon. Shields Warren, receiver of the United States land office in this city, Tuesday afternoon received information from Hon. Henry S. Chubb, register of the United States land office, and chairman of the Florida State Central Republican Committee, to the effect that Hon. J. N. Coombs and himself conferred with the President, and that the appointment of Hon. Rix M. Robinson as postmaster of Pensacola would be announced Tuesday (the 10th).

This announcement scores another victory for the State Republican organization, and goes as evidence of the strength of the Roosevelt-Taft faction, if such may be called a faction, in Florida.

Mr. Robinson is a large lumber merchant in Pensacola, where he has been for years, and is one of the leading and most influential citizens of that progressive city. He served as postmaster of Pensacola by appointment under the McKinley administration, and the only reason he has not retained this responsible and dignified position was because he refused to be a candidate after one term.

Col. Chubb wires from Boston, where he and Col. Coombs are spending a day or two. He reports plenty of ice and very disagreeable weather in the Massachusetts capital, but evidently feels jubilant that there was no "freeze-out" in Washington.

Col. Chubb is to be congratulated by his friends here and throughout the State upon his successful mission to the President.

THE GUARDS' MINSTRELS.

Boys Are in Practice, and Will Soon Present a Fine Entertainment.

Our people may expect a big thing in the line of a musical entertainment in a short time, when the Gainesville Guards Minstrels will appear before the footlights.

This aggregation, which comprises a number of the most talented young men in the city when it comes to music, are rehearsing regularly, and something extra good is anticipated. The songs and jokes will be new, catchy and up-to-date, and are bound to please those who hear them.

This entertainment will be given for the benefit of the new armory of the Guards, the proceeds to be used in defraying the expenses of fitting out the athletic rooms, the billiard and pool parlor, the reading-rooms, etc.

OFF TO ST. PETERSBURG.

Representatives to Grand Lodge, K. of P., Left Tuesday.

A jolly crowd of Pythians, comprising Grand Chancellor Louis C. Lynch, A. M. Cushman, Geo. P. Morris, N. R. Carter and R. E. Davis, left Tuesday for St. Petersburg, where they will attend the session of the Grand Lodge of the Knights of Pythias, which will be held in that city for three days, beginning today.

These gentlemen were accompanied by Mrs. George P. Morris, supreme representative of the Pythian Sisters, who will represent that branch of the order.

Ponce de Leon Celebration.

As will be seen by notice elsewhere in this paper, the city of St. Augustine proposes to hold a grand Ponce de Leon celebration for three days, beginning April 1. This will be one of the greatest events in Florida history, and elaborate preparations are being made to entertain the crowds.

St. Augustine is a city shrouded in history, ancient and modern, and as the good people of that city never believe in doing things by halves, all those who attend these festivities are assured of a good time, and a time which will be remembered for many years.

For its historic relics alone, a visit to the Ancient City is worth the time.

In the boiler-room of the steamship shoved in the coal night and day that gives her power to make a record. The best coal gives the best power.

That is why

produces flesh when other things fail. It contains more power. It is truly a body fuel. Many a man, woman and child have broken their records for weight by the pounds of flesh gained from SCOTT'S EMULSION. It is a powerful flesh-producer.

SAD END OF TRIXIE.

Well-Known Fox Terrier of J. A. Etzel Run Down by Automobile.

"Trixie," the well-known fox terrier belonging to Jos. A. Etzel, happened to a "bad streak" of luck Tuesday morning, for which she paid the penalty in death, having been run down and killed by an automobile.

There is a moral to this incident which it might pay all dogs to heed—keep out of the habit of chasing autos.

The accident occurred on East Main street N., and no fault is laid on the driver of the machine. "Trixie" has always had a weakness for chasing autos, notwithstanding that her master has administered chastisement upon various occasions. It seems that she was never more delighted than by giving vent to her canine language to her disgust for a machine—but she dashed once too often, with the result that she is now about the "deadest dog" in this section.

Friends of Mr. Etzel sympathize with him in the loss of this pet, which was a pedigreed and very intelligent animal.

EAT WHAT YOU WANT.

Science Has Now Found the True Way to Cure Indigestion.

The first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they will care for the food that is eaten. In no other way can this be done as well as by taking a Mi-o-na tablet before each meal. This restores strength to the stomach muscles and stimulates the pouring out of gastric juices, so that the food digests readily and its nourishment is retained in the system to build up energy and vitality.

Use Mi-o-na and you will have no more sick headache, heartburn, bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion. J. W. McCollum & Co. give with every 50-cent box of Mi-o-na a guarantee to refund the money unless the remedy cures.

DOUGHERTY—REDDING.

Marriage of Two Popular Young People Will Occur Here Today.

The young society people of the city are looking with deep interest to the wedding of Mr. James Dougherty of Jacksonville and Miss Ida Redding, which will occur at the First Methodist church at high noon, Rev. Dr. Miner officiating.

Immediately after the ceremony the young couple will leave for points on the East Coast for their honeymoon, after which they will make their home in Jacksonville.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

AID THE HOSPITAL.

Strong Appeal from One Deeply Interested in Its Welfare.

Editor Sun: Please allow me space to say a few words in behalf of the Odd Fellows' Sanitarium or the Alachua County Hospital Association.

I was very much surprised, as well as pained a few days ago, upon receiving a letter from a dear friend containing the information that the hospital was badly in need of funds. It seems as though it is not paying expenses and if they do not get aid from some source it will have to close its doors. I also understood that a large per cent of its patients are objects of charity and not able to pay their expenses, but no one is ever turned away. Now, I can't believe that the good people of Gainesville and Alachua county will let the doors of such an institution close for want of a little help or financial backing. It would be a shame and an outrage, and forever a reflection on the people of Gainesville and Alachua county. Now I know that the people of Gainesville are amply able to carry this institution through its dark days, but I am of the opinion that the trouble with them is that every day, more or less, objects of charity present themselves and receive only a passing thought. The hospital is deserving of more attention than this. Being a fixture, it will not only be beneficial to you and Gainesville, but may do your children and grand-children good. I feel that it is the duty of every citizen of Gainesville and Alachua county to stand by it in its time of need, for you don't know how soon you will need its services, and need them badly.

Persons who don't feel disposed or able to give money can contribute produce, or even wood, as all such has to be bought and is same as cash.

Now, fellow-citizens, stand by your guns, put your shoulders to the wheel, and let the good work of the hospital continue. Respectfully,

A CO-WORKER.

Change in Weather.

The sudden dropping of the temperature Tuesday, with a disagreeable wind, following a warm and sultry Monday, had a tendency to make our citizens shiver a little more than they would have had the temperature been more even for the two days.

If you are all run down, easily tired, thin, pale, nervous, go to your doctor. Stop guessing, stop experimenting, go direct to your doctor. Ask his opinion of Ayer's non-alcoholic Sarsaparilla. No alcohol, no stimulation. A blood purifier, a nerve tonic, a strong aperient, an aid to digestion. F. G. Ayer Co.

Lame, Sore and Sleepless, I Was Cured By Minard's Liniment

My right arm and hand were so lame and pained me so with rheumatism that I could not raise it to my head to comb my hair, so I had to bend over most double to comb it on the top of my head; they pained me at night so that I could not sleep very good. I used a number of remedies for rheumatism, but none did me any good until I tried Minard's Liniment; then I got help and now I won't be without it in the house. It will do all you claim for it, and I find it good for headaches and sore throat, too. I can't thank you enough for what it has done for me and my brother, who has used it on his back and limbs and got great help from it. He's seventy-one years old. I gave one of my neighbors some, and she says the same as I do. Yours truly,

AT THE CHAUTAUQUA.

Program Tuesday Was One Full of Interest and Instruction.

Tuesday's program at the Chautauqua was one full of instruction and interest, beginning at 9:30 o'clock in the morning with the usual Bible lecture by Dr. Gross Alexander.

At 10:30 Prof. and Mrs. C. Rucker Adams went through their School of Physical Education, which proved of great interest to those present.

In the afternoon, at 3 o'clock, Dr. A. W. Lamar, Nashville, Tenn., one of the most brilliant orators in the South, delivered a fine lecture, the subject of which was "Old Times in Dixie." Dr. Lamar commanded the closest attention of his hearers, and at the conclusion of his remarks the address was conceded to be one of the best ever delivered in the Tabernacle.

There was a grand double entertainment in the evening, Walden, the famous magician, and the Otterbein Male Quartette and Hand-Bell Ringers being the attractions. Both were good in their respective avocations, and those present were well pleased with the evening's entertainment.

Following is the program for today:

9:30 a. m.—Biblical hour, followed by School of Physical Education at 10:30, "Rebuilding the Temple—Diet and Digestion," by Prof. and Mrs. Adams.

3 p. m.—Grand concert by Otterbein Quartette.

3:30 p. m.—Lecture, "Cycles of Firemist," by Rev. Chas. William Sullivan, Cincinnati, Ohio.

8 p. m.—Musical prelude by Otterbein Quartette, followed by lecture, "Backbone," by Dr. Lamar.

CHASTAIN FAMILY HERE.

They Came from Live Oak in Touring Car in Eight Hours.

Mr. and Mrs. T. Al Chastain and five children arrived in this city Tuesday afternoon from Live Oak, having made the trip successfully in a 30 horse-power Reo car in a little less than eight hours. The last lap from High Springs to Gainesville, a distance of twenty-two miles, was covered in one hour and ten minutes.

Mr. Chastain states that the roads in some sections were very poor, and so uneven that it was difficult to make good time. He appreciated getting on the hard roads of Alachua county leading from the north to Gainesville, especially after his experience with the thoroughfares north of High Springs.

Lee Didn't Show.

Owing to some misunderstanding between the hypnotist, Prof. Lee, and the management of the opera house, there was no show Tuesday night, as had been advertised, and after a number were in the house and had been comfortably seated, the announcement was made by Prof. Lee that "there was nothing doing," and instructed those who paid for their tickets to go to the box office and get their money back.

Prof. Lee had advertised for a week stand here, and his performance on Monday evening was good. Many attended again Tuesday night, only to be disappointed by the sudden turn of affairs.

Good Liniment.

You will hunt a good while before you find a preparation that is equal to Chamberlain's Liniment as a cure for muscular and rheumatic pains, for the cure of sprains and soreness of the muscles. It is equally valuable for lame back and all deep-seated muscular pains. 25 and 50-cent sizes for sale by all druggists.

UNIVERSITY NOTES

Dr. Sledd and Prof. Rolfs have just returned from Tallahassee, where they went to attend a meeting of the Board of Control of the University. While in Tallahassee Dr. Sledd preached on Sunday morning at the Methodist and in the evening at the Baptist church. Among other transactions of the Board of Control it was determined to establish a chair of secondary education. The duties of the professor in charge of this department will be to co-ordinate, as far as possible, the high schools throughout the State with each other and the University. Besides this he will lecture at the University on the "History of Education." This department will be supported by both the State of Florida and the General Education Board. This board, established by Rockefeller and having its offices in New York, will pay half the salary of the professor to be selected.

The lectures offered under the auspices of the committee on University extension are still being delivered at various points in the State. The last lectures given were by Dr. Banks at Brooksville and at Dade City.

The chapel talks are, if anything, increasing in interest. One of the best delivered was by Dr. Hay on "Christian Character."

The talk on Tuesday of this week was by Prof. Billing of the Experiment Station. He spoke very interestingly and at times very wittily on "Life in the Tropics." Visitors are always welcome to these Tuesday-morning talks.

Some orchids in bloom at the green house are attracting a great deal of attention from our visitors. Those who have never seen these magnificent flowers would be repaid for a trip to the University.

Prof. C. M. Connor, formerly of the Experiment Station, has just left for the Philippines to enter upon the discharge of his duties as Assistant Commissioner of Agriculture.

This is Worth Remembering.

Whenever you have a cough or cold, just remember that Foley's Honey and Tar will cure it. Do not risk your health by taking any but the genuine. It is in a yellow package. J. W. McCollum & Co.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die." Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? J. W. McCollum & Co.

Six Years for Assault.

COMFORTING WORDS

Many a Florida Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Florida readers.

A. Oerting, seaman, of 419 L street, Pensacola, Fla., tells how to do it. He says: "From my experience with Doan's Kidney Pills I can strongly recommend them to anyone in need of a good medicine for the kidneys. Kidney complaint and backache caused me suffering at intervals for years. The first or second attack I did not mind, but as time went by they grew worse and at times laid me up. I could hardly walk and it was a difficult matter to straighten up after stooping while the kidney secretions were irregular and unnatural. Doan's Kidney Pills cured me. From personal experience I know that this remedy can be depended upon to fulfill the representations made for it."

GREAT VAN AMBURG SHOWS.

Will Exhibit at Gainesville on Thursday, March 19th.

No tented amusement enterprise on earth has met with such continuous praise and applause as has the Great Van Amburg Shows. An ovation greets this clean and beautiful organization at every point in its annual tour.

From the cold waters of Hudson Bay to the Rio Grande and Pacific shores the name of Van Amburg is a household word and the coming of the great shows that bear his name is greeted always with a hearty welcome.

From the genesis of the show until its present colossal perfection there has not been a solitary season in which it has not led its fellows in the multiplicity and general excellence of its attractions, and now it towers above and dwarfs all other tented exhibitions in comparative insignificance, and this season it presents such an opulence of sterling and meritorious attractions as to entitle it to be designated as a vast Amusement Gondola whose wonderous wealth of entertainment is unlimited and immeasurable. The Van Amburg Show has always been the best and biggest, always in the van, always prolific in leading and sensational features, and always fully equipped with the finest stable of horses and the most skillful and finished bare-back riders, gymnasts and acrobats in the profession. The show has a large, well-ordered and well-selected menagerie, containing living, vigorous specimens of all that is strange, rare and curious within the range of natural history, and this Royal Roman Hippodrome is a realistic reproduction of that of the days of the Imperial Caesar.

It may be said, however, that to these always prominent and desirable attractions has been added, for the current season, many features so stupendous in magnitude, so overpowering in unprecedented grandeur and impressiveness, and so enormous in the expense necessary to this production, that the features mentioned, grand and wonderful as they are, can at best play but a secondary part.

Don't forget the date, Thursday, March 19th.

SIX KISSES THE LIMIT.

This Man Found His Wife Too Affectionate and Deserted.

Chicago, March 10.—Six kisses a day are the limit for Ora M. Leedom. He promised Detectives Stark and Johnson, who arrested him for deserting his affectionate wife, that he would stay with her on that basis. They found him in Springfield, Ill., where he went seven weeks ago.

"It is a case of too much 'lovey dovey' business," said Leedom on the way back from Springfield.

"My wife—she was married once or twice before—is a good woman, and a fine housekeeper," but she's too strong on the love business to suit me.

"Now, I'm not a chilly guy, or anything like that, but I don't want a woman kissing me all the time. When I come home from work in the evening I like to sit down and read the paper. My wife would want me to hold hands with her and say foolish things.

"The only fault I had to find with Annie was her loving nature. I'll agree to go back and live with her if she'll only cut the kissing business out. I don't mind a little kiss now and then, but I draw the line at more than six a day."

Probie Wins in Missouri.

Oregon, Mo., March 10.—In the local option election held Friday, Holt county voted for prohibition by a majority of 200. Returns from twenty out of twenty-four precincts of St. Francis county, in the local option election show a majority of 408 for prohibition. The four missing precincts are not expected to change the result. Of the 114 counties in Missouri, 73 are now dry.

Suicide of Alabama.

Montgomery, Ala., March 10.—News comes from near Troy that J. C. Chancey, of Banks, who had acted queerly of late, shot his head almost off. His wife heard the report of his gun and rushed in to learn the cause. He said it had gone off accidentally in a little while it was heard again, and then it was found that he fired the bullet into his head, which was horribly mutilated.

Ice Plant Burned.

Milledgeville, Ga., March 10.—The Milledgeville ice company's plant was destroyed Sunday morning at 4 o'clock by fire. The plant was valued at \$15,000, with only \$2,000 insurance.

To-day we want to talk to you about "Catarrh cures"

During the past few months we have been publishing what some of our good friends have called "heart-to-heart talks" on patent medicines.

That name suits us all right—"heart-to-heart talks" is just what we have intended. There can't be anything more serious to a sick man or sick woman than his ailment and the remedies he or she takes to cure it.

Our talks have been "heart-to-heart." Every word we have printed has been written in absolute earnestness and sincerity, and judging from what our customers tell us, we have not been talking in vain. We are convinced that our frankness has been appreciated, and that our suggestions have been welcomed—which naturally encourages us to continue.

To-day, and perhaps for some time to come, we want to talk about that big class of remedies known generally as "catarrh cures."

Broadly speaking these are the patent medicines that have been the chief targets for the attacks of the "Ladies' Home Journal," "Collier's Weekly" and other magazines which are waging such a lively warfare against patent medicine abuses.

As we have pointed out in previous talks, it is not our business to pass judgment on the crusade of these well-known, highly-respected publications. The public alone must be the judge and jury. Our business, as we see it, is to carry in stock a complete line of patent medicines, and to sell those medicines at the lowest possible price.

We sell hundreds—yes, thousands of bottles of so-called "catarrh cures," and know nothing of their ingredients. The manufacturers advertise them, the public demands them; we order them from the manufacturers, and sell them at the lowest price. That is absolutely as far as our knowledge goes. The manufacturer keeps his formula a secret. It may be good, or it may not—we don't know, and we have no means of finding out.

Naturally, we would rather sell a rem-

edy that we know is right—that we can back up with all our reputation for honesty and square-dealing.

And wouldn't you rather buy that kind of a remedy? Wouldn't you rather hold us responsible than to hold no one responsible? We are right here, right where you can get at us every day in the week, right where one false move on our part will bring upon us your condemnation, the loss of your friendship, your patronage, your influence. Can we afford to tell you anything that you will learn later is not absolutely true?

Are you not safer in taking our word for the merits of an article, than you are to rely on the printed statement of a patent medicine manufacturer, whom you never even saw and probably never will?

Common sense most emphatically tells you that we cannot afford to depart one hair's breadth from the rigid truth.

None of us can deny that there is such a disease known as "catarrh." Those who have it, or who have had it, know that it is one of the hardest diseases to cure.

Perhaps the worst thing about catarrh is its prevalence. Almost everyone—especially in a climate like ours—has catarrh in some form or another. That is what has made the "catarrh cure" business so profitable. There are so many thousands of cases of the disease and it is so hard to cure, that the patent medicine manufacturers have reaped a harvest in preparing remedies that appeal to this large class of sufferers.

One of the most serious things about catarrh is that it breaks down the system, so that the sufferer becomes a prey to other diseases. This fact has led the proprietors of so many "catarrh cures" to advertise their remedies as a specific for almost every disease under the sun.

We have ONE catarrh cure that we are willing to say to you: "We know this is all right. Take it home and use it with the full assurance that if it does not cure you, you can bring it back to us and we will promptly refund your money." That catarrh cure is

Rexall

MUCU-TONE

There is no guess work with us on Rexall Mucu-Tone. *We know what it is made of.*

Not only do we know, but we will give you a copy of the formula.

There is no secret about any Rexall remedy—we make them—one thousand of us leading druggists all over America—in our great co-operative laboratories at Boston, Mass. We own the laboratories, and everything in them, and we operate them just as skillfully as our combined brains and money will let us, and just as honestly as honest men know how.

The Ingredients of Mucu-Tone

The chief ingredients of Mucu-Tone are Gentian, Cubeb, Cascara Sagrada, Glycerine, and Sarsaparilla.

Gentian is recognized in medicine as one of the greatest tonics ever discovered. It is the foundation on which Mucu-Tone is built. Gentian combines in high degree the tonic powers of all the known "bitters," with none of the disadvantages applying to them.

Cubeb have long been recognized as a specific in the treatment of all catarrhal conditions. Its action is prompt and its benefits almost invincible. In whatever part of the body the inflamed or diseased condition of the mucous membrane exists, the use of Cubeb has been recommended by the best physicians for many generations.

Cascara Sagrada is especially introduced for its necessary laxative properties.

The combination of these with Glycerine and Sarsaparilla makes Mucu-Tone a remedy that attacks catarrh from every point, gradually restores and rebuilds the diseased tissues to their former health and strength, promotes digestion and creates a normal appetite. Large trial bottle, 50c.

How can you know whether or not you have catarrh?

Well, here are the symptoms that usually indicate its presence. Check them over, and if you have any of them, try a bottle of Rexall Mucu-Tone.

CATARRH OF THE NOSE:—Chilliness—feverishness—passages obstructed—watery discharge and latter thick, yellow and tenacious discharge into the throat—headache—foul breath—weak and watery eyes—and sometimes loss of memory.

CATARRH OF THE STOMACH:—Dizziness—bad dreams—hollow cheeks—sleeplessness—sharp, short pains in side and stomach—nausea after eating—shortness of breath—and bitter fluid rising in throat.

CATARRH OF THE INTESTINES:—Dull, grinding pain in bowels—diarrhea—emaciation—nervousness—and sleeplessness.

CATARRH OF THE LIVER AND KIDNEYS:—Skin drawn and yellow—black specks floating on field of vision—weak and dizzy—dull pain in small of back—and constant desire to urinate.

The Old Woman's Notebook.

The first strawberry festival of the season wuz blind-tigged, an' got 12 months.

The old man has been busy for two days tryin' to find one-per-cent alcohol in a suspected gallon of soothin' sirup.

News of a train bein' ditched on the way to Georgia has caused all the menfolks to volunteer to railroad it through.

Whilst the preacher wuz here, prayin' for the old man, he stumbled over two jugs, an' nigh broke his leg; an' hit's my opinou that what he said when that happened made his prayer look curious to the angels.

Hit's my firm beliefs that Georgia is much better off fer bein' dry; but hit's mighty hard that a poor ol' 'oman can't have bitters in the house. Bitters is strength'nin', an' took with lightard splinters, is more of a blessin' than the Georgy Legilatur'.

The Old Man's Reverie

"The world seems to have left me," said the old man, "and yet I've still got a cozy corner in it. I had to go all the way to seventy years to find out how little it takes to make happiness! I had my troubles along the way, and I thought I'd never live through 'em; but the friends who journeyed with me had their burdens, too, and we talked 'em over together, and when one was weary, we let him rest by the roadside and shared his burden amongst us, and so passed on. Some who went to rest there, with the star-light on their faces, did not wake again—rest was so sweet to them; and by and by, of all who started on the journey with me, not one was left; but, as I said, I still have a cozy corner in the world—a thoughtful quiet—a sort of dream-like life; and the light seems more gracious to me, and in the midnight stillness, the spirit of rest is deep on sou' and sight. OVERCOME BY GAS.

Four Railroad Laborers Died and Seven Were Seriously Affected.
Baltimore, March 10.—Thirteen railroad laborers were overcome by gas in the Pennsylvania tunnel here Saturday. Four died and nine were so badly affected that they were taken to a hospital. The others revived. Three of the dead are negroes, the other is a white man.

The men were at work grading in the tunnel which extends from North avenue just west of the union station to Pennsylvania avenue. It forms one of the series of tunnels of the Pennsylvania road under this city.

There were but twenty-one men in the tunnel. Besides the four dead, nine were overcome, while the remainder were but slightly affected. Some of the latter crawled a distance of three blocks to an opening and gave the alarm. A rescuing party with an engine and one car were sent into the tunnel, and the dead bodies and the remaining workmen were taken to the union station. Two who were in a serious condition and seven others less affected were sent to the city hospital, where it was said later that all would recover.

Prof. H. A. Howell of Havana, Cuba, Recommends Chamberlain's Cough Cure.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by all druggists.

Shot Himself Through Head.

Athens, Ga., March 10.—Benjamin H. Kinnebrew, formerly deputy sheriff of Clarke county, and a well known citizen, committed suicide here Saturday afternoon at 6 o'clock at his home by shooting himself through the brain with a 44-caliber pistol. Death was instantaneous. No special cause was assigned for the act. He was talking to his wife a few minutes before the shooting, and was in apparently good mind and very pleasant. She left the room to bring him his supper, and while she was gone he killed himself.

W. G. RICHARDSON.

In the primary election four years ago I made the statement that if my friends would give me the office at that time, I would not again ask for it. My intentions were pure, and on no account would I have come before you again asking your support, of my own accord, but many of the best men from various sections of Alachua county have petitioned me by writing and a great many others personally to stand for the nomination of Sheriff in the coming primary, and today I received an official request from one of the most powerful moral organizations in the country, urging me to stand for the nomination, and, in deference to their wishes, I announce that I will accept the nomination for Sheriff of Alachua county on the platform and according to the rules of the Democratic primary, held May 19th, and if nominated and elected I will perform the duties of the office with the same impartiality and justice that I have done in the past.

HIGH WATER CLAIMS LIVES.

Flats Swept Over Dam in the Monongahela River.

Pittsburg, Pa., March 10.—Three lives were lost Saturday when the towboat Stella Moren, with two flats of coal, went over dam No. 2 on the Monongahela river, at Port Perry, Pa., and sank in 20 feet of water.

The Moren was about to enter the lock when the strong current, due to the high water, swung it around, and before it could be controlled, the vessel and the flats were swept over the dam and completely wrecked. Cox was caught between the lock wall and the boat and crushed to death. The rest of the crew, numbering ten men, was thrown into the river, but all were rescued except Loram and Bush, who were not seen after the boat went down.

The Moren was owned by the Monongahela River Consolidated Coal and Coke company. The loss is estimated at \$30,000.

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." Sold by W. M. Johnson.

Negress Was 110 Years Old.

Valdosta, Ga., March 10.—Rose Matchett, a negress, who is said to have reached the remarkable age of 110 years, died in this county this week. The old woman claimed to have been born in South Carolina, in 1798, and some of the older residents of this county, where she had lived for probably seventy years, substantiate her claim. People who knew her before the civil war say she was a very old woman then. She retained most of her faculties until her death.

Some friction inside the office, coupled with his none-too-robust health, are reported as the cause."

Several Hurt in Auto Crash.

Pittsburg, Pa., March 10.—An automobile driven by Edward G. McCurdy crashed into a car owned by Willis L. King, vice president of the Jones & Laughlin Steel company on Center avenue Sunday, and several persons were seriously but not fatally injured.
